

FIVE THINGS

you never think of when you're **PACKING**

1. **TALL items** like brooms, rakes, mops, etc. need to be packed. Movers won't take "loose" items. Get a tall box or tape up the flaps to make your box taller. Another option is to put all these items in a tall garbage can.
2. Movers will not take **open food containers**. Pack those separately and take them with you. This includes items like open chip bags and cookies, cans of pop, sacs of flour, spice containers, etc.
3. Remember to look under your bathroom cupboard, and **underneath the sinks**. Because all those miscellaneous cleaning supplies and hygiene products need to be packed as well.
4. Using **newspapers or flyers** for protecting your dishes and glasses will only leave greasy ink marks. You'll have more work when you unpack, because everything will need to be washed again. Use new unprinted newsprint instead.
5. What will happen to your **PLANTS?** You need to either pack them separately and take them yourself-or donate them to friends and neighbours.

If you find the process overwhelming and you need a little help (or a lot!)-I'm a call away. We love packing!
